

COMPUBALLAST®: Best energy saving eBallasts
Dimmable Universal Voltage 100% to 50%
Electronic Ballasts for 70W HPS Lamps.

Our HPS CompuBallast® - Saves Energy!

This eBallast is designed to dim from 100% to 50% in lumens and 100% to 55% in Watts. It is controlled by 0 to 10Vdc. It delivers energy savings of ...**38% to 70%** in Watts. Our electronic ballasts incorporate the latest IC technology.

This Dimmable CBS6270U Universal Voltage electronic ballast is designed for HPS 70W S62 lamp. Compliant with c(CSA)us and UL standard. CE Certified.

Dimmable Universal Voltage eBallast for HPS 70W S62 lamp

How much can you save? $\Sigma(kWh+Dimming+maintenance+ \dots)$

Dimmable HPS electronic ballast for 70W ANSI S54
Universal Input voltages = 95 to 265V at 50/60Hz
Lamp power = 70W dimmed to 40W
Lamp Output = 100% dimmed to 50% in Lumens
Lamp Current Crest Factor = 1.55
Ballast factor (BF) = 0.99 at 70W
Enclosure size = 8.8"L x 4.0"W" x 2.0"H; Wt=2.1Lb.
Constant Lumen output with variations in line voltage
Permits relamping without damage to lamp or ballast

Power Factor > 0.99
THD < 10%; Efficiency >95%
Energy saving = 33% plus
(extra savings when dimmed)
Type 1 Outdoor - Encapsulated
Extends Lamp Life
Mounting holes = 8.4" apart
No Buzz, No Flicker
Constant Lumen Output

36 Months Limited Replacement Warranty
